Don't be corny

I just don't know if I can describe it

Maybe I don't really wanna know how your garden grows coz I just wanna live

Notes

And can't do anything because

And nothing feels as good

Bone

Reading a book together

Having a seizure, playing the black keys high up the scale I start crying

Dragging on like a tire rolling around on the black gravel, salt shoots through the bone. Crosses T shape.

No hat and mens shirt like always

She's playing guitar

Trying to be cool

Trying to make something

Like I'm stuck on an island and it's so beautiful nothing to say

Like galaxy written on napkins

Like a heart attack

Waiting for a heart attack

Nothing seems as perfect

Realise I'm dumb

Eclipse

two branches split over some

Power lines. Lines of anything,

Hanging in the lobby

Knees so cold

Another day of this

Car like so red and there's a parking lot filled with white cars

To weird  
Septum ring  
Stones on my puffer jacket but they're falling off and

A car  
Water cold and warm

Lately,  
Have you ever felt the pain

Im just asking
